ART OF THE STATE 2019 A JURIED EXHIBITION OF COLORADO

The Arvada Center is proud to present *Art of the State 2019*, the latest installment in our critically acclaimed Colorado artist exhibition. This juried exhibition showcases the quality, depth, and diversity of Colorado artists and is the follow-up to the successful *Art of the State 2013*, and *Art of the State 2016*. In its third iteration, *Art of the State 2019* garnered 1,555 entries from 566 artists in a call for entry that was open to all Colorado artists utilizing all media. Jurors selected 154 pieces by 135 Colorado artists to be presented at the Arvada Center. With three art galleries covering over 10,000 square feet, the Center looks forward to hosting this immense celebration of art in Colorado.
